

AGED CARE OPTIONS

Having covered topics of Superannuation and Estate Planning in recent months, the next WGC Client Seminar will focus on the increasing importance of options to be considered for our elderly loved ones.

Making decisions regarding the aged care needs of a person can be stressful and confusing for all those involved, especially if you don't adequately plan ahead of time.

We have invited Greg Roberts, an Aged Care Specialist, to address the question of how you can you make the best decisions regarding home, retirement and residential care.

The Seminar will seek to improve your understanding of:

- The Aged and Disability Care Industry
- Home Care options
- The drivers for seeking advice
- Funding options for Clients
- Aged & Disability Care Strategies and considerations

WGC Business Advisors are proud that ongoing information and support is a core service provided to Clients and to those considering becoming a Client in the future.

Date: Wednesday 24 October 2018
